

S5 BULLEID SR CORRIDOR COMPOSITE (CK, later SK)

D2317

4 built 1946; downgraded 1964; withdrawn 1966-1967; none preserved 64'6"

These etched sides can be built into a complete coach using products from our range as supplied in our full kits. Please refer to the panel opposite. Should you prefer they can also be used to overlay the Bachmann Bulleid coaches, or as a basis for a scratchbuilt coach.

These coaches were a longer version of a 1939/40 design. They were formed into 3-coach sets 981-984 with the matching brake thirds to D2122 (Comet Models S3).

Sample formations

3 coach sets 981-984 for Waterloo-Bournemouth/West of England
BTK (COMET S3)/CK (S5)/BTK (S3)

Running numbers

5727-5730 When downgraded to second class they became S1727S-S1730S

Livery

As built they carried late SR malachite green with the legend 'Southern' centrally placed on the side. Numbers and class designations were SR 'Sunshine Yellow' with the set numbers on the ends in plain yellow. In 1956 the BR version of SR stock green was adopted. In general the ends, underframe and bogies were black and the roof grey.
